

## Univerzita Mateja Bela v Banskej Bystrici Ústav vedy a výskumu

The Research Institute of Matej Bel University in Banská Bystrica, Department of Mathematics, Informatics, and Physics calls for applications for a position of

### **postdoctoral research associate.**

Candidates from the fields of

- high energy nuclear physics, hadron physics, thermal field theory, and related issues
- universal algebra, lattice theory, natural duality theory, graph theory, and related topics

are particularly encouraged to apply.

This position will be partially supported by APVV (Agency for Support of Research and Development, Slovakia). Due to the rules of the Agency, candidates must not have finished their PhD degree more than three years before June 1, 2008 and must hold the degree by that date.

The appointment will be for a period of three years. The University will supplement the salary so that it will be higher-than-average in Slovakia. The expected start of the appointment is June 1, 2008.

Matej Bel University is the third largest university in Slovakia. It is seated in the city of Banská Bystrica, which finds itself in picturesque surroundings of central Slovakia.

Applications including CV, list of publications, and statement of research should be sent to

Dr. Boris Tomášik  
"LPP postdoc search"  
Katedra fyziky  
Univerzita Mateja Bela  
Tajovského 40  
974 01 Banská Bystrica
